

TEMPORARY

No. 69272-T

TEMPORARY

APPLICATION FOR PERMISSION TO CHANGE POINT OF DIVERSION, MANNER OF USE AND PLACE OF USE OF THE PUBLIC WATERS OF THE STATE OF NEVADA HERETOFORE APPROPRIATED

Date of filing in State Engineer's Office OCT 20 2002

Returned to applicant for correction _____

Corrected application filed _____

Map filed JUN 06 1998 under 51872

The applicant **Primadonna Company LLC** hereby make 1 application for permission to change the **Place of Use** of water heretofore appropriated under **Permit # 52087** Permit 52087 is co-mingled with permit #'s 50808, 50701, 51973, 52088, 51872, 52687, 51871, 63594, 52686 and 51870

1. The source of water is **Underground**
2. The amount of water to be changed **1.0 cfs**
3. The water to be used for **Quasi-municiple**
4. The water heretofore permitted for **Quasi-municiple**
5. The water is to be diverted at the following point **Within the NW¼ NE¼ Section 9, Township 9, Township 27 South, Range 59 East, M.D.B.&M., at a point from which the East one-sixteenth corner section 9, Township 27 South, Range 59 East, M.D.B.&M. bears North 08°44'59" East a distance of 750.60 feet.**
6. The existing permitted point of diversion is located within
7. Proposed place of use **includes the existing place of use and Section 6, Section 5, Section 4, and the NE portion of Section 9, Township 27 South, Range 59 East, M.D.B.&M.; not already designated by the place of in permit #52087.**
8. Existing place of use **within a portion of SE¼ SW¼ Section 8, NE¼ NW¼ Section 17, and tract 37 T.19N., R.15E., S.B.B.&M. (San Bernardino County, Ca); within a portion of E½ SW¼ Section 8, SE¼ NW¼ Section 8, E½ Section 8, NW¼ Section 9, W½ NE¼ Section 9, SE¼ NE¼ Section 9, S½ NW¼ Section 10 and SW¼ NE¼ Section 10, all within T.27S., R.59E., M.D.B.&M.**
9. Use will be from **October 26, 2002 to October 26, 2003** of each year.
10. Use was permitted from **October 26, 2002 to October 26, 2003** of each year.
11. Description of proposed works **The existing point of diversion for Well 1A will be used to extract the water.**
12. Estimated cost of works **Completed**
13. Estimated time required to construct works **Completed**
14. Estimated time required to complete the application of water to beneficial use **1 Year**

15. Remarks: This temporary request for the change in the place of use will be used to supply construction water for pressure testing and dust control for the construction of a natural gas pipeline directly north of Primm, NV.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions.

This temporary permit to change the place of use of the waters of an underground source as heretofore granted under Permit 52087 is issued subject to the terms and conditions imposed in said Permit 52087 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This temporary permit is issued under the provisions of NRS 534.120(2) as a preferred use.

Monthly records shall be kept of the amount of water pumped from this well and the records submitted to the State Engineer on a quarterly basis within 15 days after the end of each calendar quarter.

The total consumptive use of Permits 50808, 51871, 51872, 51873, 52087, 52088, 52686, 52687, 63594, 68945 and Temporary Permit 69272-T shall not exceed 751 acre-feet annually. The amount of water withdrawn from the basin can exceed 751 acre-feet but only by the amount of water recharged to the basin via the RIB's. That amount is calculated as 88.6% of the measured amount of water sent to the RIB's. The State Engineer reserves the right to amend this term/percentage should submitted data support such a change.

The permittee must submit an annual report by January 15 of each year, which summarizes the monthly data generated by the approved monitoring program, and an analysis of the amount of water the permittee has recharged to the groundwater basin. The report shall include the total measured amount of water diverted from the wells, the total measured amount of water consumed at Primadonna and at other locations, e.g. Big Horn Generating Plant and the total amount of water delivered to the RIB's.

Upon review of the report by the State Engineer, the amount of water credited from the recharge program will be determined along with the maximum allowable withdrawal of water under these permits.

(CONTINUED ON PAGE 3)

The permittee must make every effort to maximize the use of the wells located in California to optimize capture of recharge.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire on **December 5, 2003** at which time all rights herein granted shall revert to the right being changed by this temporary permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.0 cubic feet per second, **but not to exceed 546.02 acre-feet annually.**

Work must be prosecuted with reasonable diligence and be completed on or before:

Proof of completion of work shall be filed before:

Water must be placed to beneficial use on or before:

Proof of the application of water to beneficial use shall be filed on or before:

Map in support of proof of beneficial use shall be filed on or before:

IN TESTIMONY WHEREOF, I, HUGH RICCI, P.E.,

State Engineer of Nevada, have hereunto set
my hand and the seal of my office,

this 6th day of December, A.D. 2002

State Engineer
